

Backed by our 3 year guarantee

This IBC spill pallet is fully compliant with the UK 110% bund regulation and is specifically designed for use with most common footprints of 1000ltr intermediate bulk containers (IBC).

The unit comes complete with a grid mesh deck and to the front of the spill pallet is a built-in 260mm deep decanting area which allows any leaks/drips to be contained within the sump and as you would expect the unit has broad range chemical compatibility.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.

-  100% polyethylene for chemical compatibility
-  Removable plastic grid for easy clean-up
-  Forklift pockets to aid transportation
-  UV Stabilised
